

Getting Started with Medicare

Free printable educational worksheet — updated October 2026

- Check whether you qualify for Medicare through age, disability, ALS, or ESRD.
- Confirm your Part A and Part B enrollment dates and whether an enrollment period applies.
- List your doctors, medications, pharmacies, and preferred hospitals.
- Compare Original Medicare, Medicare Advantage, Part D, and Medigap options as applicable.
- Confirm your plan's costs, network, covered services, and prescription formulary before enrolling.

For official eligibility rules and applications, consult [Medicare.gov](https://www.medicare.gov) and your state agency. This guide is informational, not legal, medical, or benefits eligibility advice.
